- **Introduction to Prairie Ecology (2 weeks, June 16-June 27)**
- **Pollination Ecology (2 weeks, July 14-July 25)**
- **Epidemiology as Ecology (2 weeks, July 14-July 25)**

Lakeside campus. Because the campus is not designed to provide custodial supervision for persons under the age of 18, **housing is not available for high school students** who attend courses at the Lab. Select “No.”

- Submit the $100 non-refundable deposit to reserve a spot in the course for you. Payment can be made online by credit card when you submit your registration form or by mailing a check or money order to Iowa Lakeside Laboratory Administrative Office, 250 Continuing Education Facility, University Of Iowa, Iowa City, IA-52242. **You will not be registered in the course you have selected until this deposit is received.**

- Tuition for Summer 2014 is **$280 per semester hour for undergraduate students**. Field trip fees vary by course; see the course description to determine additional fees for a given course. Tuition scholarships that cover 1/2 of the tuition are available for the first five high school students who register in a Lakeside course for Summer 2014. Tuition and fees are billed by The University of Iowa.

Apply as an undergraduate nondegree student online at http://admissions.uiowa.edu/future-students/nondegree-students.

- There is no application fee for a high school student to be admitted as a nondegree student.
- Have your high school send a transcript to the Office of Admissions, 107 Calvin Hall, Iowa City, IA 52242-1396 to verify you meet the University of Iowa’s minimum 3.5 GPA requirement for high school students.

Located on West Okoboji Lake, Iowa Lakeside Laboratory Regents Resource Center offers students small, full-immersion, field-oriented courses. Most courses meet all day (M-F from 8-5) and students normally spend at least part of each day doing fieldwork.
