

Continuing Education

Guided Independent Study Examinations

Examination Information for GIS Courses

Students enrolled in GIS courses can choose the date when exams will be taken. However, exams must be taken in the **order outlined on the course syllabus**. At submission of all the assignments that precede a test, **students may select and schedule their examination date**.

To register for an exam, please complete the **Exam Registration Form** available on the course homepage (ICON). Two versions of the form are available, one for local students and one for students outside the Iowa City area. Complete and submit the forms as appropriate.
